Reliable Comfort Plus Exo

Setting Standards Since 1904

For more than a century, homeowners have associated Bryant® heating products with the highest standards of indoor comfort. Through the commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on and delivered the products to meet or exceed expectations. Today, as rising energy costs and increased environmental awareness influence consumer thinking, Bryant proudly offers an exceptional value for high-efficiency savings and comfort - the Preferred™ 95s gas furnace.

The Bryant Preferred 95s provides reliable, lasting relief from winter's biting chill. And, it saves significantly on heating costs with exceptional energy efficiency of 96.2% AFUE. Designed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Preferred 95s provides the soothing, winter comfort you and your family deserve.

Comfort-Enhancing Performance

Your home is your refuge, the place you go for comfort – so treat yourself to a furnace that goes beyond ordinary heating systems to provide enhanced comfort. The Fan On Plus™ feature lets you select from three continuous fan speeds with a compatible thermostat so you can enjoy the whole-

home ventilation option that makes you most comfortable. When paired with an air conditioner or heat pump, SmartEvap™ technology assists with humidity control by delaying blower operation long enough to prevent accumulated moisture from blowing back into your home during the cooling season.

Exceptional Energy Savings.

Limited Warranty

To the original owner, the Bryant® Preferred™ 95s model 925S gas furnace is covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional labor warranties.

* Warranty period is 5-years on parts and 20-years on heat exchangers if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts warranty on the heat exchangers. See warranty certificate at bryant.com for complete details and restrictions.

Performance

As an ENERGY STAR® Partner, Bryant Heating & Cooling Systems has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.**

Performance and Peace of Mind

When it comes to performance, Bryant pays attention to the details that make a difference. Steel cabinet construction, insulation, a multi-speed blower and induced draft operation contribute to quiet operation.

In addition, Bryant delivers peace of mind backed by a commitment to customer satisfaction. From initial design through prototype testing and thorough reliability assessments during assembly, we go beyond the industry's expectations for quality. Designed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Preferred™ 95s delivers the comfort, value and savings you deserve.

Efficient Control

Bryant offers a complete line of easy-to-use thermostats that can help you control your indoor comfort system. Include our patented Preferred™ Series programmable thermostat with your Preferred 95s gas furnace and air conditioner or heat pump and you can enjoy consistent, money-saving comfort control all year long with the convenience of programmable comfort schedules and the ability to select continuous fan speeds from the wall in your home.

Home Comfort Components

- 1 EXTRA GAS EFFICIENCY**
 Our secondary heat exchanger extends heat transfer for higher efficiency use of heating fuel and is backed by a limited lifetime parts warranty.
- 2 ENERGY-SAVING OPERATION**
 Our boost ECM, an electronically controlled multiple-speed blower motor, provides airflow optimized for your home's needs. The blower motor offers higher efficiency performance than most standard motors.
- 3 RELIABILITY**
 The Bryant® Perfect Light™ igniter is one of the most reliable and robust available so you can count on heating when you need it.
- 4 INTELLIGENT OPERATION**
 Our patented furnace control board does the thinking for you so your family will always enjoy comfort and economy. Just set the compatible thermostat and let our "smart" electronics do the rest. This advanced control is the key to the Fan On Plus™ feature, Bryant's adjustable constant fan function, as well as SmartEvap™ technology, which provides improved moisture control when paired with an air conditioner or heat pump.
- 5 QUIET, DRAFT-FREE COMFORT**
 Our sealed combustion system virtually eliminates drafts and allows quiet operation by using outdoor air for combustion.
