"I'm so pleased to recognize the team at Reupert Heating & Air for some 70 years in service to our community," says Jocile Ehrlich, President and CEO of BBB Cincinnati. "BBB is honored to have been a partner for so many of those years, and we look forward to many more to come."

Reupert Heating & Air Conditioning has been serving Greater Cincinnati, Northern Kentucky, and Indiana households since 1947. Today's owners - Joe Reupert, Rodney Reupert, and Jeff Reupert - provide clients with the complete package of heating and cooling systems - sales, service, and installation - and the quality of systems expected from Bryant and Mitsubishi dealerships.

In fact, the only thing more important to the Reupert crew than the quality of its product is the quality of its care. "A new home heating and cooling system is one of the most important investments you'll make; one that can deliver energy and cost savings for years to come," say Reupert's team of NATE-certified technicians. It's that belief that led the company to offer financing options for approved clients . . . just one of many expressions of customer care in 3 generations of operations.

"What sets us apart is our absolute commitment to our customers. It's why we've been BBB Accredited for 25 years. It's an investment for our customers," says Joe Reupert, President. "We go out of our way for customer happiness."

"I hope that my grandfather would be proud," Joe continues, "proud that the 3rd generation of his family runs his business now with the same legacy of commitment to customers that he started."
